Catalogul cartilor

Bine ati venit la *Catalogul cartilor dumneavoastra*. Aici puteti vizualiza cartile create de dumneavoastra si stadiul acestora, sa efectuati operatii asupra lor sau sa creati o carte noua.

Lista cartilor

Creare carte

```
import micropip

print("Installing cowsay...")
await micropip.install("cowsay")

print("done!") # this print will appear in D9M sequence in page, so right here ==> print HTML and draw table here
```

9/9/23, 4:16 PM Index - BookLab

Varianta citita static, la compilare din books_catalog. json**

id	code	short_desc	description	created_date	created_by	notes
0	BCAT	bk_tmpl	Sablonul implicit pentru o carte noua	2023-08-01	system	Inregistrare obligatorie de la instalare sistem. Non editabila.

Varianta ce va fi citita dinamic la run time si doar variabile Jinja

ld carte	Cod carte	Denumire carte	Note	Operatii
hidde me	{{ xxx }}	{{ xxx }}	{{ xxx }}	edit - organizare - view bk - asamblare
