# Catalogul cartilor

Bine ati venit la *Catalogul cartilor dumneavoastra*. Aici puteti vizualiza cartile create de dumneavoastra si stadiul acestora, sa efectuati operatii asupra lor sau sa creati o carte noua.

### Lista cartilor

#### Creare carte

```
import micropip

print("Installing cowsay...")
await micropip.install("cowsay")

print("done!") # this print will appear in D9M sequence in page, so right here ==> print HTML and draw table here
```
